## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently and promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its action on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## DIDN'T GET A REST

Sunday Was Just Like Other Days to Prince Henry of Prussia.

THEY KEPT HIM MOVING

Concert By the Arion Club, An Official Luncheon and a Big Vanderbilt Dinner.

The Prince Is Being Entertained Today At Philadelphia Where Life Is Not So Strenuous.

New York, March 10.—Prince Henry was the central figure Sunday in another round of entertainment arranged in his honor. He first listened to a concert at the Waldorf-Astoria hotel, largely made up of his favorite American songs, the concert being arranged at his request. When that was over he drove to the University Club to a luncheon, which was not con-

CORNELIUS VANDERBILT.

cluded until mid-afternoon. In the evening he was the guest of Mr. and Mrs. Cornelius Vanderbilt and met a large party made up of persons of social prominence.

The dinner began at 7 o'clock. The Vanderbilt home at 608 Fifth avenue was handsomely decorated and brightly lighted. Mrs. Vanderbilt received the prince and his staff and then presented her other guests. Oval shaped dining tables were placed in the dining room and conservatory and there the dinner was served. Mrs. Vanderbilt had Prince Henry at her right and Ambassador Von Holleben at her left, and Mr. Vanderbilt had Admiral Evans at his right and General Corbin at his left.

When the prince bade farewell to the company at the Vanderbilt home he went to the New York Yacht club for an informal reception, and the hour was late when he returned to the Waldorf-Astoria for the night. He found time between the four main events on his program for the day to receive a delegation representing the Commercial club of St. Paul and several callers, and to finally complete the arrangements for the last two days' stay in the country and his departure for home. He had intended to be present at the religious services on Imperial yacht Hohenzollern in the morning, but the case of scarlet fever which developed there several days ago altered that plan. Instead he remained at the hotel, arising late and breakfasting at his leisure. It was the Arion society of Brooklyn, winner of the Kaiser's prize at the singing festival in Brooklyn in 1900 that furnished the morning concert for the prince at the hotel. The Arion society presented the prince with an illuminated address.

The luncheon at the University club was given by the committee named by President Roosevelt to arrange for the visit of the prince and escort him on his tour, and the hosts were General Corbin, Assistant Secretary of State Hill, Admiral Evans, Colonel Bingham, and Commander Cowles. The party left the hotel at 12:45 o'clock with mounted police as special guard for the carriage of the prince. A great crowd saw the departure from the hotel and the arrival at the club, but there was no special demonstration. An elaborate luncheon was served, and there was an interesting discussion of the trip just concluded through the country.

Prince Henry is visiting Philadelphia today. He will return to New York this evening and will give a farewell dinner to those who accompanied him on his American tour.

Gotham Wasn't "Dry." New York, March 10.—Despite the alleged promises of the saloon keepers that yesterday should be the very dryest Sunday on record so far as New York was concerned, the man or woman who wished to do so had little or no trouble in purchasing a drink. About the only noticeable difference in getting one was that the thirsty man was not allowed to stand at the bar, and in many instances he was forced to sit down for a drink. Sandwich, left over from earlier days of the Raines law reign.

## MISS ROOSEVELT'S TRIP

The President's Daughter Will Visit Gen. and Mrs. Wood. Washington, March 10.—Miss Alice Roosevelt, the daughter of the president, with several friends and accompanied by a maid, left here Sunday

ALICE ROOSEVELT.

night for a visit to General and Mrs. Leonard Wood at Havana, going by rail to Florida. Mrs. Harriet Blaine Beale and Captain Philip were also of the party. Miss Roosevelt expects to return to Washington the latter part of the month.

## CAN'T GET OUT OF IT

Sultan Will Be Required to Answer For Miss Stone's Case.

Constantinople, March 10.—The American legation here yesterday presented to the porte the second note referring to the capture of Miss Ellen M. Stone. In this note it is pointed out that as Miss Stone was captured, the ransom paid, and the prisoners delivered in Turkey, the brigands must be within the Turkish frontier and should therefore be captured. The note denies that authorities were ever required to lessen their vigilance on the frontier, and asserts that only the movements of the troops in the interior were interfered with.

The first note presented to the porte by the United States legation at Constantinople in the matter of Miss Stone's capture by brigands demanded the punishment of the guilty parties. The note in reply repudiated responsibility.

## They Were Playing Indian.

Denver, Col., March 10.—Stewart Hill, aged 9, died here Sunday from the effects of a bullet wound in the breast, received Saturday while engaged in a mimic Indian battle. Jas. Butson, aged 12 years, is under arrest charged with murder. Four boys, all 12 years of age or under, stationed themselves behind barricades about 30 yards apart and had exchanged about 30 shots when Hill fell, pierced through the lung. According to the other boys Hill had stepped out in the open, when Butson took deliberate aim and fired.

## May Go Back to Work.

Cincinnati, March 10.—The lockout of the brewery workmen of Cincinnati, Covington and Newport that has been in progress for a month promises to end today. The United Brewery Workmen were in session Sunday and their committee on conference was given full power to close with the brewers at a conference to be held today. There were over 2,000 men out originally, but many have returned to their posts. There are over 1,000 workmen affected by the result of the conference today.

## Against Sunday Funerals.

Trenton, N. J., March 10.—The Trenton coachmen's union met at a meeting Saturday night decided not to drive at Sunday funerals. In this move they have the support of all the undertakers of the city but one, who had a funeral yesterday. His drivers will be expelled from the union. An agitation against Sunday funerals has been going on in the city for some time and has the endorsement of the clergy.

## Express Satisfaction.

Berlin, March 10.—Some of the daily papers have begun summing up Prince Henry's trip to the United States. Their tone is one of complete satisfaction. They declare the prince's trip was never intended to have any specific political aims, but merely purposed to bring about an improvement in the popular feeling in both countries.

## FEARS ALLAYED

The Etruria Lands At the Azotes Badly Crippled But Safe.

ALL ON BOARD ARE WELL

The Long Overdue Cunarder Had a Broken Propeller and Her Rudder Was Carried Away.

Taken In Tow By a Slow Freighter She Was Laboriously Dragged Into Port.

Horta, Azores, March 10.—The Etruria anchored here at 6 o'clock Sunday evening. All on board are well.

She had a comparatively uneventful passage, except for the breakdown, which occurred during the dinner hour of Feb. 26. When this occurred the Etruria had only just finished speaking by wireless telegraphy with the Cunard line steamship Umbria. After the accident was discovered the Etruria called the Umbria by wireless telegraphy for one hour, but without success.

Upon examination it was found that the ship's propeller had broken off outside the tube and the rudder had been carried away by the propeller. The Etruria then sent up rockets which were seen by the British steamer William Cliff. The latter bore down and was alongside in 50 minutes after the accident. She stood by until daylight when, after several attempts she succeeded in passing a hawser aboard the Etruria. The tank steamer Ottawa arrived on the scene at this time. The William Cliff then attempted to tow the Etruria, while the Ottawa attempted to steer her. The hawser, however, snapped. The Ottawa stood by for two days and then left for Fayal, bearing the second officer of the Etruria to report the disaster and obtain assistance.

In the meanwhile the crew of the Etruria had made every effort to rig a jury rudder. The first such rudder was carried away immediately an attempt was made to use it. After further efforts lasting for two days a second jury rudder was successfully adjusted and is still in position.

The passengers of the Etruria were satisfied they were in no danger, and they praise the conduct of the captain and crew of the vessel. After the accident the passengers amused themselves with the usual deck sports, and concerts were held in the first and second cabins. Only those who were anxious concerning business matters chafed at the unavoidable delay.

The Etruria was hoping to communicate with the North German Lloyd steamer Kronprinz Wilhelm by wireless telegraph, but her mast wire broke in several places and she was unable to repair it until the weather had improved, when it was too late. After the accident the passage of the Cunard steamer was entirely uneventful and there occurred nothing of interest beyond the daily runs of the vessel, which ranged from 60 to 100 knots.

The Etruria will wait her for the arrival of the Royal Mail steamer Elbe which left Southampton for Horta Saturday. The Elbe will carry the Etruria's passengers to England. The Etruria will then be towed home by the two tugs which are now on their way out from Liverpool for this purpose.

## CONGRESSIONAL

### A Week of Legislation Which Will Cover a Wide Ground

Washington, March 10.—The attention of the senate will be divided again this week between the ship subsidy bill and the bill providing for the punishment of persons who assault or kill the president of the United States, the former holding the place of unfinished business, and the latter coming in for consideration when there is no one prepared to speak on the subsidy question. No prepared speeches on the presidential assault bill have been announced, but there is no doubt the lawyers of the senate will continue to find more or less to say about it whenever opportunity shall offer. At odd times the calendar will be taken up. Altogether, the week does not promise to be an exciting one in the senate.

The house after disposing of the bill to classify the rural free delivery service and place the carriers under the contract system, will devote its attention to appropriation bills. The post-office appropriation bill, which was taken up today, probably will require three days. It will be followed by the river and harbor bill.

### Will Appeal to Rome.

Cincinnati, March 10.—A meeting of the creditors of the late Archbishop Purcell was held Sunday, when resolutions were adopted to ask for the discharge of the receivers and appeal to Rome for special collections throughout the United States to wipe out the indebtedness, of which there is a balance of about \$6,000,000, including the accumulated interest of many years.

### Rumor of War.

Shanghai, March 10.—Chinese merchants coming from Port Arthur declare they have been ordered to remove their families from Port Arthur because preparations were being made there for a war with Japan.

## SPECIFIC CHARGES

### Court Martial Base On Execution of Natives Without Trial.

Manila, March 10.—Colonel James Forney of the marine corps will preside at the court martial to try Major Littleton W. T. Waller and Lieutenant John H. A. Day of the marine corps, March 17 next, on the charge of executing natives of the Island of Samar without trial. The charges specify that Major Waller and Lieutenant Day killed three native stevedores on the streets of Draz, Island of Samar, without trial. These stevedores were among those who accompanied the disastrous expedition of Major Waller and a detachment of marines to the interior of Samar last December.

It is claimed these stevedores mutilated and proceeded to the foothills, where they dug camotes (a variety of sweet potato) and that they later concealed and refused to turn them over to the Americans, saying that when the marines died of hunger they would have a good supply of arms and ammunition.

Sympathy is expressed for Major Waller, who at that time was suffering from mental and physical strain. Lieutenant Day apparently obeyed Major Waller's orders.

### Insurgents Dispersed.

Manila, March 10.—Lieutenant Howland of the 21st Infantry and aide on the staff of General Wheaton, who was sent to investigate the state of affairs in Rizal province after the recent outbreak of activity there, reports that the insurgents have now been dispersed and that the soldiers and constabulary are closely pursuing them.

## GROTESQUE SERIES

### Fateful Trip For a Train Out of Philadelphia.

New Brunswick, N. J., March 10.—The fast freight, eastbound, due here at 2 o'clock Sunday morning had a rather unusual and unpleasant experience between Trenton and this city. Two dead men were encountered, one of them having been killed by the train itself, and once the train was stopped to search for a body which could not be found.

The run from Philadelphia was uneventful until as the train approached Princeton Junction it hit and killed a man. The train stopped and the body was cared for and left at the Junction to be shipped to Trenton. When near Monmouth Junction the train was stopped at a signal from the head brakeman, who said it had hit another man and he had seen the body hurled into a ditch. A search of the track for a mile back failed to locate the supposed victim. The train was again started east and as it neared Millstone the glare of the headlight revealed the body of another man lying by the rails. The engineer stopped and the body was picked up and brought to this place. It was that of Howard R. Breese of New Brunswick. He is supposed to have been struck about 11 o'clock by another train while walking home from Franklin Park.

### "Dry" Bums Attack a Preacher.

Negaunee, Mich., March 10.—As a result of the organization of the Civic Federation League here last week the Rev. C. M. Gilchrist, pastor of the Methodist church, and Louis F. Pearce, a member of the league, were roughly treated by a crowd of men Sunday night, while they were making a tour of the town. They were set upon by a gang of roughs and would have been severely dealt with had not three policemen with drawn revolvers come to their aid. The town was "dry" Sunday, the first time in its history.

### Millionaire's Ambition Gratified.

Middletown, N. Y., March 10.—Word has reached here that Cornelius Van Ness, the octogenarian millionaire of Port Jervis, formerly of New York, has been baptized in the River Jordan by the Rev. William K. Hall of Newburgh, N. Y. Mr. and Mrs. Van Ness sailed on the steamer Celtic for a trip to the Orient, his desire being to gratify an ambition of years to be baptized in the Jordan.

### He Knew Nothing Of It.

Washington, March 10.—The attention of Secretary Wilson of the agricultural department was called to reports that he contemplated soon resigning from President Roosevelt's cabinet. The secretary treated the subject very lightly, declaring that the report was news to him, and adding in reply to a specific inquiry that he had no intention of taking the step suggested.

### Green and Gaynor Missing.

Macon, Ga., March 10.—Assistant Attorney Ackerman, who has returned from Savannah, says that attorneys for Captain B. D. Greene and John F. Gaynor, charged with conspiracy to rob the government, express themselves as greatly mortified over the disappearance of their clients, and are wholly without advices as to their whereabouts.

### Virginia Murder Mystery.

Richmond, Va., March 10.—William Clayton, a well known contracting painter, was murdered here yesterday in a manner that thus far baffles the police. He was found on a street in the residence section of the city early in the morning frightfully beaten and died last night without having regained consciousness.

### An Anonymous Threat.

Victoria, B. C., March 10.—Mrs. Dunsmuir, wife of Premier Dunsmuir, received a letter from an anonymous writer warning her that if she did not keep her husband at home he would be shot. The premier handed the letter to the police, but took no other notice.

## STATE NEWS NOTES

Incidents and Accidents and Doings of Note Throughout Hoosierdom.

## TWO UNHAPPY WOMEN

Without Apparent Cause Mrs. Crawford Johnson and Mrs. Dinwiddie Take Their Own Lives.

One a Well Known Woman of Bedford, the Other a Fowler Banker's Wife.

Bedford, Ind., March 10.—Mrs. Crawford Johnson ended her life by taking carbolic acid. She obtained the drug at a drugstore and went home during the absence of her husband. When he returned and took a team of horses to the barn he heard a peculiar noise in the hayloft. Upon investigation he was horrified to find his wife in the agonies of death with an empty bottle by her side. Medical aid was called, but the drug had done its work, her tongue and throat being so badly burned and swollen that all efforts to use a pump were futile. The family came here from Bloomington, Ind. No cause for the deed has been made known.

## SHE USED A RAZOR

Wife of a Fowler Banker Kills Herself in Child's Presence.

Fowler, Ind., March 10.—Mrs. Lee Dinwiddie, wife of the president of the Bank of Benton county, committed suicide Saturday, using a razor. She sent her daughter Mary, aged 5, after Mr. Dinwiddie, who was at the bank. Being busy, he replied that he would come in a minute. Presently Mr. Dinwiddie was called to the phone by his little daughter, who told him her mother was dying. Mrs. Dinwiddie was found in the bathtub, with the left jugular severed and the left wrist cut to the bone. She lived but a few minutes.

Mrs. Dinwiddie was 45 years of age. Her husband, a son, who is a student at Purdue, and a daughter survive. She had been a nervous invalid for many years.

## New Indiana Railway.

Goshen, Ind., March 10.—The election held here Saturday on the question of voting \$300,000 aid to the Fort Wayne and Goshen Railroad company was carried for the road by four to one. The provisions of the subsidy are that the road is to be in operation from here to Lake Wawasee by July 1 and to Fort Wayne by Jan. 1. The road will be equipped with electrical motive power and will give the Wabash a long desired entrance to this city.

## Came Near Starting Something.

Covington, Ind., March 10.—There was an exciting time in the county clerk's office when two young men happened there at once and asked for licenses to marry girls of the same name. Each thought the other was trying to marry the same girl, and bad blood became evident. The clerk interfered and found there were two girls of the name and that they were cousins.

## Don't Want to Go Back.

Boonville, Ind., March 10.—Deputy Sheriff Cherry, from whom Jacob Reynolds escaped by jumping from a moving train with his child but was re-arrested later, has placed his prisoner in jail at this place. Reynolds has employed counsel to fight the effort to take him to Kentucky. He carried a large sum of money.

## Pupils Burned Out.

Washington, Ind., March 10.—The Seals schoolhouse, six miles east of here, caught fire while school was in session and burned to the ground. A large number of pupils were in the building, but the alarm was given in time for all to escape. The school was making up a day lost earlier in the term on Saturday.

## Seven Times President.

Hartford City, Ind., March 10.—Word has been received here from Pittsburg that Simon Burns has been elected president of the national organization of window-glass workers, known as L. A. 300, by a larger majority than at any previous election. This is the seventh time he has been elected.

## An Altered Forger.

Bloomington, Ind., March 10.—Geo. Taylor, a farmer living in the north end of the county, has been arrested on a charge of forgery. There is one note of \$26 on John Lynch and another of \$85 on Albert Cooksey. Taylor had the notes cashed by Jeff Kemp, who soon after discovered the forgery. Taylor is in jail.

## He Will Be Disfigured.

Bluffton, Ind., March 10.—The explosion of a handful of gunpowder terribly burned George Nutter, aged 10. His face will be disfigured for life. He touched the powder with a match and the flash of fire enveloped his entire face. He probably will lose one eye.

## No Agreement Yet.

Terre Haute, Ind., March 10.—The joint conference of Indiana miners and operators adjourned Saturday until Tuesday without having agreed on any of the disputed points of the wages contract.

## UNPOPULAR LAW

Primary Election Act Proves Open to Many Objections.

Indianapolis, Ind., March 10.—The chances are that the primary election law will either be repealed by the next legislature or liberally amended. It has been given sufficient trial to demonstrate that it is not a success. The fact is, it was regarded by many as a makeshift when it hurriedly came into existence. The trouble with the law was that it was too voluminous. It covered too many points, and after it passed the house the Joss bill was substituted. The Joss bill met with more favor, as it left more loopholes, and loopholes were wanted by a majority of the members whose constituency did not care to make the first trial of primary election reform. Reformers complain of the Joss law. They charge it was passed in the interest of a political ring here, but this is winked at by Democrats as well as Republicans, as both sides helped to enact it. Both parties have been pledged to the enactment of an adequate primary election law, but when the opportunity was offered last year to keep the pledges it was evaded. But the politicians themselves are now interested. The trials given the law here have demonstrated that it will have to be repealed or amended in many places. They dare not repeal it entirely, as there is a sentiment among a large portion of the voters in favor of direct primaries. There is now considerable talk of amendments, and it is probable that before the legislature meets again that an effort will be made to frame a better law. J. H. Claypool of this city is now communicating with various counties in order to find out what is desired. It is now proposed that a uniform primary law shall be enacted, but this will be a hard proposition if the members of the next session are of the same mind as they were last year. Primary reform for all the state seems a long way off.

A meeting of the Indiana auxiliary committee of the McKinley National Monument association will have a meeting at the statehouse tomorrow for the purpose of canvassing the situation. It is reluctantly admitted that the movement to raise funds in Indiana has not been pushed as energetically as was expected or desired. It was hoped at first that \$30,000 would be raised. Then the chairman of the various committees dropped to \$25,000, but they will not be able to raise that amount unless more energy is displayed. A thorough organization of the state was perfected by Frank L. Jones, superintendent of public instruction. Addison C. Harris and a few others who have taken an active interest. They have an abundance of promises, but the money is coming in slowly. At the meeting tomorrow another effort will be made to get the men who promised to take an interest to make good their promises. About \$10,000 has been raised in Indiana and it is still hoped that at least twice that amount will be subscribed within the next few weeks.

There will be a meeting here tomorrow of the executive committee of the Republican state committee and the executive committee of the Republican editors' state association for the purpose of arranging for the part the editors will take in the campaign. Matters connected with the organization will also be discussed by Chairman Goodrich and his executive committee. It was definitely announced that H. C. Starr of Richmond, Warren Bigler of Wabash, Walter Schmitt of Evansville, Elmer Crockett of South Bend, and Sidney W. Cantwell would constitute the executive committee. These men are among the most prominent Republican leaders in Indiana.

Will "go" until she drops, and think she's doing rather a fine thing. Very often the future shows her that she was laying the foundation for years of unhappiness. When the back aches, when there is irregularity or any other womanly ill, then the first duty a woman owes to herself is to find a cure for her ailments.

The use of Dr. Pierce's Favorite Prescription in cases of womanly disease will insure a prompt restoration to sound health. It regulates the periods, stops unhealthy drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce, by letter, free of charge. All correspondence absolutely private and confidential. In his thirty years and over of medical practice Dr. Pierce, assisted by his staff of nearly a score of physicians, has treated and cured more than half a million women. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of 'Favorite Prescription' and of the 'Golden Medical Discovery.' I have no headache now, and no more pain in my side; no bearing-down pain any more. I think that there is no medicine like Dr. Pierce's medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

# Kodol

Digests what you Eat

## Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Belne, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

### Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

### WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage, which rob mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Vandervoort, Ark., April 2, 1900.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

### WILL SEINE THE LAKES.

Fish Commissioner's War on Turtles, Carp and Garfish.

Hon. Z. T. Sweeney, State fish and game commissioner, has been advised by the Attorney-General that he has authority to use a seine to destroy mud turtles, garfish and possibly carp. The law prevents the use of seines, but the law also makes it the duty of the fish commissioner to preserve the fish of the streams. The fish commissioner and the Attorney-General both say that mud turtles crawl along the bottoms of lakes during the spawning season of fish and suck up all the eggs. They also say that gars are unfit for food and kill other fish, while carp stir up the mud and creates conditions that drives away such fish as bass.

Under the advice of the Attorney-General the fish commissioner intends to authorize the seining of lakes. He will have a deputy present to see that all good fish are put back in the water. The Monon railroad desires to have Cedar lake seined to get rid of mud turtles. It is proposed to use an immense seine, say 1,000 feet long, and deep enough to reach the bottom.

Recently Deputy Fish Commissioner Earle seined a lake near Princeton, Gibson county, three miles long and between a quarter and a half of a mile wide. He reported that he found almost enough mud turtles and enemies of good fish to fill a big room.

### How to Push Flour.

We have had a number of inquiries recently in regard to the best method for a grocer, or feed store, to place their flour on the market. It is an exceedingly hard proposition to cover such a question in a general way, as different localities in different states require a different presentation of the case. In some states a Minneapolis patent is demanded. In other states a winter wheat flour is preferred. Hence we can only treat the matter abstractly on the broad basis of pushing whatever flour the dealer has in hand to the attention of the consumer, just the same as any energetic merchant would handle goods. But in the first place, we consider it a great mistake for a local merchant to attempt to present his own brand of flour to the public. A brand of flour as it is now understood, means the brand of the mill and when a local merchant assumes to put a brand on the flour, some name of his own, he assumes every quality of that flour and guarantees every bag, and after all, he really does not have any right to use the brand as his own, because he is not a manufacturer.

A responsible mill concern putting up flour under their own brand is compelled to maintain the grade of its flour, even at a temporary loss or else go out of business. We recommend to the grocer to tie to some well known mill whose flour is unquestioned in purity, and advertise his flour locally. Legitimate local advertising, push and the use of a pair of hustling legs with a clean, honest and well established brand of flour to work for, will bring success to any dealer in any state in the Union.—Flour and Feed.

### The Spring Dress Goods.

The subject of clothes is never so interesting as when the dainty Spring and Summer fabrics fill the shops. To anticipate in matters of dress is always difficult, as fashion is inclined to be whimsical. The Delineator, however, is singularly successful in this respect, as is indicated in the April number. The dress fabrics which will become most popular are illustrated, and all the latest innovations in weaves and colorings are dwelt upon. In trimmings, Swiss and batiste embroideries will meet with great favor on Summer gowns, and the beauty of foulards, light clothes, etc., will be enhanced through the vast assortments of laces and appliques.

### A FRIEND'S ADVICE.

Will Often Help You Greatly. Read What a Seymour Citizen Says

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Seymour is worth such proof as this. Then the evidence must be conclusive. Read the following: Mr. Harrison Dowell of 120 Jefferson avenue, gate keeper for the P. R. R. says: "I did not use many Doan's Kidney Pills myself but they proved very efficacious. My wife and I procured them at C. W. Milhous' drug store and in addition to our experience which warrants us in recommending them. I know of acquaintances who have used them with the best of results. We always keep them in the house for they proved a reliable remedy for the back, bladder or kidneys."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

Word has been received at Vallonia that both Mr. and Mrs. Claude Cummings are in a hospital at Indianapolis with smallpox. Mrs. Cummings was formerly Miss Mecca Humphry, of Vallonia.

### FAVORABLE CONDITIONS

All Signs Point to Extension of Legitimate Industry.

New York, March 8.—Bradstreet's weekly review of trade today says: Spring trade increases despite serious interruptions in the section adjacent to the Alleghenies caused by floods, snowstorms, interrupted telegraphic and mail facilities and crippled railroads. Western and Northwestern advances are of course relatively the best received and here dry goods, millinery, clothing and kindred lines of spring goods are most active. At leading Eastern markets textiles have felt the quickening of demand, and prices have strengthened in many lines. The strength of textiles generally, but of cotton and cotton goods particularly, is in fact second only to the strength displayed in iron and steel. All available measures of mid-winter trade point to exceptional activity despite unfavorable weather conditions. February clearings as a whole, notwithstanding reductions at the metropolis, due to dullness in speculation, are slightly larger than a year ago. Failures are no more numerous, but a few large bank suspensions, due to mismanagement, or worse, have swelled liabilities a quarter above a year ago. Prices have felt the quickening influences in a slight increase in strength of textiles, dairy products among provisions, livestock, coal and coke and building materials. All signs in fact favor the indication that legitimate trade and industry is, except in a few instances, considerably more active than a year ago at this time.

### Cruel Murder Charged.

Grand Rapids, Mich., March 8.—Latest developments in the investigation into the death of Mrs. Ada Klump, the young wife of William Klump of Lowell, point to one of the most cold-blooded murders Michigan has ever known. After a diligent inquiry into the circumstances of the case Sheriff Chapman yesterday afternoon took William Klump into custody and last evening lodged him in jail here. The officers express the belief that Klump either sent poisonous headache powders through the mail himself or knew who did send them and that the main object was the removal of Mrs. Klump. It is said Klump was infatuated with another woman.

### An Important Order.

Washington, March 8.—At the cabinet meeting yesterday President Roosevelt requested the members not to talk to newspaper correspondents about matters under discussion at the semi-weekly meetings. It was thought best for the president himself to make public such matters as he deemed proper to be given out. Hereafter the president will do this.

### Black Mirrors.

Crystal gazing is still popular, but the very latest thing in use is a black mirror, in which the sibyls say they can see many things. These little black mirrors come from India, where a spot of ink has always been a favorite vehicle for divination. The native boy who has "the second sight" is told to look fixedly at a spot of ink, which is poured into his hand. The black mirror is said to be every bit as good as the ink, and it is certainly more cleanly. It is made of a piece of black glass set in a wooden frame and is small enough to be held inside the hand.—London Chronicle.

### A Suspicious Case.

Greene—Do you suppose Ketchum is honest, or has he designs on me, do you think?

Brown—Why, what has he been doing now?

Greene—He borrowed an umbrella at my house last night, and he returned it the first thing this morning. It looks suspicious, don't you think?—Boston Transcript.

### More Interesting.

"Were you interested in that account of the Washington man who suddenly disappeared?"

"Well, I'd have been more interested in an account of a man who gradually disappeared?"—New York World.

### Both Sides.

Johnnie—What does it mean by "seeing the humorous and the serious side of things?"

Father—Well, my son, take a bit of orange peel, for example. How many sides has it?

Johnnie—Why, two, of course.

Father—Exactly. And when some other man steps on that orange peel he sees the serious side of it and you see the humorous side.—London Tit-Bits.

The cheerful man is one who practices the art of having things as he would have them.—National Magazine.

### La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe. Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by C. W. Milhous, druggist."

## RAIL WAS BROKEN

Fast Train Goes Into Ditch and Thirteen Lives Pay Forfeit.

### BODIES ARE CREMATED

Flames Add to the Horror of a Frightful Wreck Which Occurs On Southern Pacific.

Thirteen People Were Killed Outright and Twenty-Eight Were Badly Injured.

San Antonio, Tex., March 8.—A broken rail caused a frightful wreck on the Southern Pacific railroad near Maxon Station, 25 miles west of San Antonio, yesterday in which 13 people were killed outright and 28 were more or less injured.

The dead: Three children of Mart Riddle of Cetopa, Kan.; Estavon Contreras, Del Rio, Tex.; Andrew C. Shelley, wife and child, Lohr, Tex.; child of D. E. Housen, Racine, Wis.; Mr. and Mrs. White, Manitowish, Wis.; Engineer A. L. Mast, El Paso, Tex.; Fireman H. Bertscholtz, El Paso, Tex.; L. A. Boone, news agent, Doyline, La.

At the time the accident occurred the ill-fated train was running at a high rate of speed in order to make up time. The road at the point where the wreck occurred is in a rough country, the curves being sharp and the grades heavy. It was when rounding a curve that the train left the track, it is said, on account of a broken rail.

The train was going at such a rate of speed that the tender and engine landed 75 feet from where they left the rails. The cars behind piled up against the engine, caught fire and all were consumed except the sleepers.

A private car owned by Thomas Ryan of Bay City, Mich., with his family aboard, was attached to the rear of the train, but it was pulled away before the fire reached it and no one in it was injured. All the injured in the coaches just behind the express and baggage cars were cremated. The people in the sleepers were saved with the assistance of the uninjured passengers.

The wrecked train was the Galveston, Harrisburg and San Antonio west-bound passenger No. 9 and consisted of an engine, mail car, baggage car, one coach, one chair car, three tourist coaches, one Pullman sleeper and one private car. The mail car, the baggage car and coaches were piled together against the engine and were ablaze in a few seconds. It was impossible to move any of the coaches or the tourist cars, as they were all off the rails and they were soon consumed by the flames. So soon as it was possible to get in communication with the division headquarters relief trains with surgeons and physicians were started from El Paso, Del Rio and San Antonio, picking up along the line all the surgeons that could be found. All of the injured who were in a condition to be moved were sent to El Paso, where they are receiving careful attention.

### SENTENCE COMMUTED

Kruitzinger Not Shot But Banished for Life.

Berlin, March 8.—Extra editions of the newspapers here publish a report that Commandant Kruitzinger, who

COMMANDANT KRUITZINGER.

was captured by General French in December last, was, after being tried by court martial, condemned to death, but that his sentence was commuted to banishment for life.

### They Had Planned It.

Constantinople, March 8.—Since the liberation of Miss Ellen M. Stone, the American missionary, numerous revolutionary bands have crossed from Bulgaria into Turkish territory, taking advantage of the temporary withdrawal of troops from the frontier. This was evidently planned by the Macedonian committee, and although no immediate danger is feared, such crossing the frontier may result in conflicts with the Ottoman forces.

### Decatur Loses Its Records.

Decatur, Ind., March 8.—Fire last evening destroyed the city hall and its records, Burbridge's barber shop, Baine's meat market and Cotnecht's saloon. The fire started in the city building and the fire apparatus and all but one line of hose was destroyed.

## PERIODS OF PAIN.

Miss Gertrude Williams, Chaplain of Woman's Christian Association of Detroit, and Two Other Women,

Tell How Lydia E. Pinkham's Vegetable Compound Cures Periodic Suffering.

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

MISS GERTRUDE WILLIAMS.

"DEAR MRS. PINKHAM:—and dear friend, for such your medicine has proved to me; 'a friend in need is a friend indeed.' For several years I suffered from Menorrhagia, or profuse and painful menstruation, until my vitality was well nigh gone, and as a last resort I took six bottles of Lydia E. Pinkham's Vegetable Compound and was restored to health, to the surprise of my friends, and I now sing its praises. Gratefully yours, MISS GERTRUDE WILLIAMS, 75 Columbia St., West Detroit, Mich."

### Two More Sufferers Relieved.

"DEAR MRS. PINKHAM:—I had been a sufferer of suppression of the menses from girlhood, always appearing after time and causing great pain compelling me to keep my bed. I tried a number of doctors but without relief. Having read so many testimonials about the good Lydia E. Pinkham's Vegetable Compound, I decided to try it. After using only one bottle I felt much better. I continued its use and the health and strength that I have to-day I feel I owe to you."—Mrs. CHAS. B. GILL, 1012 Winter St., Philadelphia, Pa.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

**Jackson Township Republicans.**  
Pursuant to the call issued by the Republican Central Committee of Jackson County the republicans of Jackson township will meet in mass convention at the city building in Seymour, Saturday, March 15, at 1:30 p. m. to elect five delegates, and five alternates to the republican state convention. C. D. BILLINGS, township chairman. H. C. DANNETT, secretary.

The high schools of Columbus, Shelbyville, Rushville, Madison, Franklin, Seymour and Greensburg are forming athletic associations. These cities will form the Southern Indiana league. A track meet will be held at Shelbyville on May 10th and we notice the Columbus boys are already beginning to practice.—Shelbyville Democrat.

The less encouragement the school authorities give these high school athletic associations the better. Athletics are all right but the inter-school contests do not bring good results. High school pupils are too young to make a circuit to engage in such contests. Demoralization of the vital school interests is the result. Experience has taught a number of the high schools this fact and they are withdrawing from the associations and each school is planning its own athletics.

## March Calendar.

The calendar readings for the month of March are as follows: St. Patrick's Day, as usual, on the 17th, will fall on Monday. Friday the 21st, marks the beginning of spring, Sunday, Tuesday, the 25th, will be Lady Day or the Feast of Annunciation. The week of the 23d to 29th is Holy Week, the 27th being Holy Thursday, the 28th being Good Friday, and the 29th Holy Saturday. The following day, Sunday, the 30th, will be the glorious feast of Easter. The moon will be at the last quarter at 9:30 a. m., on the 21st. We will have a new moon at 8:40 p. m., on the 9, first quarter at 4:13 p. m., on the 16. Full moon at 9:23 p. m., on the 23d, and last quarter at 11:24 p. m., on the 31st.

## Birthday Party.

Miss Elsie Sullivan entertained a number of her friends at the home of her parents on North Ewing street Friday night at a Potato Party in honor of her seventeenth birthday. The house was beautifully decorated for the occasion. Prizes were won by Miss Nevada Miller, Ollie Miller and Ed Hopewell. Miss Helena Hodapp conducted the guests to the cloak room and Little Miss Stella Clark presided at the punch bowl. Miss Elsie received quite a number of beautiful presents. The guests departed at a late hour wishing her many more happy birth days.

## Coming Home.

Will Hamer, who enlisted here for service in the regular army a few weeks ago was rejected at San Francisco because he was two pounds short in weight and will return home as soon as he is regularly discharged.

W. E. Hillerman, of Hayden, passed up to Indianapolis Friday evening. He had just sold his farm, 174 acres, at Hayden, on Six Mile creek for \$8,000. He is negotiating now for the purchase of another farm. Mr. Hillerman was born and raised two miles east of Zaxia. His wife, formerly Miss Eliza Fodrea, met with a very serious accident two weeks ago, by falling and breaking her left ankle. Her physician calculates it will be three months before she is able to be up and out.—Columbus Times.

Mr. Oscar Lewis and daughter, of Marling, drove to town today to shop.

W. J. Graham, of Crothersville, came up this afternoon to visit his son Prof. J. E. Graham.

Don't forget the "Breeze Time" that is coming to the opera house this week.

N. H. Newby, late of Indianapolis, who purchased the Joseph Baisly farm three miles east of Seymour, on which his family is residing is in the city today on business.

## HOSTETTER'S STOMACH BITTERS.

Is a specific remedy for all ailments of the stomach, liver and bowels, and one that is backed by hundreds of testimonials received during the past fifty years. We would therefore urge every sufferer from indigestion, dyspepsia, flatulency, constipation, sick headache or liver and kidney troubles to give it a trial. It will surely cure you. The genuine must have our private stamp over the neck of the bottle.

## WILL CHAMBERS KILLED.

Victim of a Wreck Near Birmingham, Alabama.

A message to Thos. J. Clark today announced the death of Will Chambers near Birmingham, Alabama, Sunday night. No particulars were given further than that he was killed in a wreck.

Mr. Chambers was formerly an engineer on the B. & O. S-W, but about five months ago he went to Birmingham and took an engine on the A. G. S. road, of which A. J. Frazer is superintendent. He was a popular and efficient railroad man and his untimely death will cause much sorrow among his many friends in Seymour. He was about thirty-two years of age. The body will be sent here for burial.

Mrs. Chambers and her two children had not yet gone south but are living in Mrs. Demp Wilson's house on North Ewing street.

## Call for Convention.

The Republicans of Jackson county will meet in mass convention in their respective townships on Saturday afternoon, March 15, 1902, at 1:30 o'clock to elect delegates and alternates to the republican state convention to be held at Indianapolis, April 23 and 24, 1902. The precinct committee will provide rooms in which the meetings will be held. Jackson county is entitled to fourteen delegates.

The points of meeting in the several townships and the apportionment of delegates and alternates are as follows: Jackson township at Seymour, 5 delegates, 5 alternates. Brownstown at Brownstown, 1 delegate, 1 alternate.

Redding at Rockford, 1 delegate, 1 alternate.

Vernon at Crothersville, 1 delegate, 1 alternate.

Hamilton at Cortland, 1 delegate, 1 alternate.

Salt Creek at Houston, 1 delegate, 1 alternate.

Carr at Medora, 1 delegate, 1 alternate.

Owen at Clearspring, 1 delegate, 1 alternate.

Driftwood at Vallonia, 1 delegate, 1 alternate.

Gras-york and Washington, joint convention at Tampico, 1 delegate, 1 alternate.

The republicans of Jackson county are urged to attend these conventions.

Respectfully,  
W. H. BUCKLEY, Chairman.  
E. A. REMY, Secretary.

The notice of the Holiness meetings at Armory Hall will appear tomorrow having been handed in a little too late for today's issue.

B. D. Weekly and wife and son, Morton, of Spraytown, were here today to trade.

A. S. Weekly and wife, of Brown county, were in the city today trading.

G. M. Hotchkiss and wife, of Washington county, were in town today.

L. E. Herecamp and wife, near Houston, came over today to trade.

M. R. Wheaton is here from Clark county on business.

W. E. Campbell and wife, of Charlestown, were here today on business.

A Rat Showed Him a Mine.

The action of a rat led N. R. Ingoldsby to the discovery of a rich gold mine in Arizona. He named the property the Rat Gold mine.

Mr. Ingoldsby had been spending several months near Mammoth, on the San Pedro river, in Arizona. His purpose was to enjoy the hunting and make a collection of the animals and minerals of the southwest. He pitched his tent in the canyon of the San Pedro, in the Santa Catarina mountains.

He had no neighbors and was for a long time unable to account for the disappearance of small articles that he left lying about his camp. At last he noticed that when anything was taken something was left in its place. This was usually a bit of stone or wood. The culprit he found to be a large rodent of the species known as the trading rat. The habits of the animal made an interesting study for Mr. Ingoldsby, and he often lay awake at night to watch for his visitor.

A silver spoon was missing one morning and in its place was a piece of quartz carrying free gold. This still more excited Mr. Ingoldsby's curiosity, and after several attempts, he succeeded in following the animal to its home. Near by was the ledge from which the gold bearing quartz had been taken. Mr. Ingoldsby made an examination thorough enough to prove that his discovery was of considerable value.—Mexican Herald.

## Parental Economy.

"Papa," said Dicky, "all the other boys are going to have torpedoes or freerackers or something for the Fourth of July. Can't I have anything at all?"

"Dicky," said Mr. Stinley, beckoning mysteriously, "come with me, and I'll show you something."

He took him out to the summer kitchen and showed him a large package, neatly folded and tied with a string.

"There," he said, "are all the paper bags that have been brought into the house for a whole year from grocery stores and other places. I have had your mother save them for you. Every one of them will make as much noise as a firecracker if you fill it with air and pop it right."

It was not exactly what Dicky had set his heart on, but it was all the Fourth of July he got.—Youth's Companion.

## VAGARIES OF THE TIDES.

Curious Currents in the Ocean and Its Offshoots.

There are as many vagaries in the waters as in the winds. Why, for instance, should three great ocean currents send their warm waters across the wide Pacific, Atlantic and around the Cape of Good Hope? There have been many theories advanced to solve the problem of their origin, but all have proved fallacious. Other and equally mysterious currents exist in well nigh all parts of the world. The tides are so erratic in different parts of the world that one hesitates to accept the theory that the moon controls them in all cases.

It is on record that the sea has run for weeks out of the Java sea through the strait of Sunda and thence back again for a like period without any perceptible rise or fall during those times. Then there is the equatorial current that flows into the Caribbean sea, the ever flowing current to the eastward around Cape Horn, the cold stream flowing from the icy regions of the north past Newfoundland and Nova Scotia and along the American coast to the extreme end of Florida, the continual current running with a velocity of from four to five knots an hour through the strait of Gibraltar into the Mediterranean sea, the swift current running across the rocks and shoals off the end of Billiton island, which apparently starts from nowhere and ends somewhere in the vicinity of the same place, and the current which, starting half way up the China sea, runs from two to three knots an hour to the northeast and finally ends abruptly off the north end of Luzon.

Then we have those tidal vagaries known the world over as bores. Residents on Severn side are familiar with them, and those that run up the Hugg and Irawaddy rivers from side to side in a zigzag shape till they reach their limit, often tearing ships from their anchorage, originate nobody knows where or why. The rush of waters in the bay of Fundy is nothing but a huge bore sweeping all before it up to the head of the bay till the waters have risen to the height of fifty or sixty feet. Off Southampton we have the double tides, while at Singapore it has been observed for days at a time that there has been but the one rise and fall in the twenty-four hours. The tides may be and very often appear as though they were "moonstruck," but they certainly are not controlled with hard and fast rules by that or any other body.—London Shipping World.

## Private Gambling in Russia.

There is a good deal of gambling in society in England, but it is nothing to what goes on in Russia, says the London Candid Friend. Vint, preference and roulette are the principal games. The second is the most popular in army circles, while many ladies of the highest rank keep roulette tables and have regular "evenings," on which play goes on for very high stakes. As is usually the case at roulette, the bank mostly wins, and the hostess takes good care to keep the bank.

One of the most notorious of these private dens is run by two ladies of the highest rank and connections. Only the fine fleur of the society of St. Petersburg are admitted, and the entrance is eagerly sought. The stakes are high, the plunging often desperate, and men have been known to leave these salons in a financial condition which approaches ruin. The princesses, however, make a handsome income out of the bank, and no one thinks the worse of them.

## How High Can a Balloon Rise?

The altitude that may be attained by a balloon depends, first, upon its size; secondly, upon the filling of gas, and, thirdly, upon the weight being carried. A balloon of ordinary size, 43,000 cubic feet, carrying the smallest weight—that is, one person—when filled with illuminating gas may reach 20,000 feet, but when filled with hydrogen 27,000 feet. In order to ascend higher we first of all need a bigger balloon.

One may say it was a happy chance that the Royal Meteorological institute of Berlin was provided with a balloon of the unusual dimensions of 300,000 cubic feet. The German emperor furnished \$500 for making experiments with it, and the Meteorological institute decided to make use of this opportunity for studying the highest regions of atmosphere.—Harper's Magazine.

## A Bad Way to Feed Birds.

It is quite a common practice for persons owning pet birds to teach them to take bits of sugar or other food liked by the bird from the lips. It has been discovered that the trainers of young birds in Europe frequently contract in this way a peculiar parasitic growth on the throat and lungs that is frequently fatal, and a warning has been issued by French physicians which may well be heeded by any one feeding birds from mouth to beak.

## A Psychological Deduction.

"My dear," said the wife of the eminent professor, "the hens have scratched up all that eggplant seed you sowed."

"Ah, jealousy," mused the professor. And he sat down and wrote a twenty page article on "The Development of Envy in the Minds of the Lower Grade of Bipedes."—Baltimore American.

## Emotion Wasted.

"It was terrible even to see the villain die," said the emotional girl at the melodrama.

"Oh, well," consoled the old lady, "he would have died anyway. Did you notice how many cigarettes he smoked?"—Exchange.

The plans they have in the mint are nearly all money making schemes.—Philadelphia Bulletin.

We have never had as great troubles in the daytime as we have imagined when lying awake at nights.—Acheson Globe.

Of all money transactions in England 97 per cent are done by checks and only 3 per cent by notes and gold.

## A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Receipt Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength. They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. Socts. of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

A. J. PELLENS, DRUGGIST.

## A LESSON IN CHESS.

Why Willie's Papa Ended It Almost Before It Was Begun.

Paterfamilias, with a laudable desire to keep Willie at home at night, offered to teach him to play chess. The boy was delighted, and the game began.

"Put the little ones, pawns, all along the front and the big ones behind, as I show you."

"I think that is cowardly. The big ones ought to be in front. Ma says—"

"Oh, but that is the rule. Now, see—no; put that rook in the corner."

"Rook! What's a rook?"

"It is a kind of bird."

"Well, that ain't a bird. It looks like a castle."

"Call it a castle, then—and put the knight next—"

"Why is that called a knight? It looks like a horse's head."

"And then the bishop," went on paterfamilias, ignoring the question; "so, and then—"

"Why is the bishop's head split in two, pop?"

"Oh, that is his hat—a cardinal's hat."

"But I thought he was a bishop."

"A cardinal is also a bishop. Now don't talk so much, Willie. Then you put the king and queen—"

"The queen is bigger than the king, pop!"

"Well, so she is. Who said she wasn't?" said paterfamilias, with a trace of impatience in his tone. "And then another bishop; so."

"Why are there two bishops, pop?"

"Because the rules say so. Now, I shall move first."

"What, after all that trouble, are you going to move them again?"

"Say, Willie, I believe my head is aching. I shall show you the rest some other time," said paterfamilias as he swept the men into the box.—New York Times.

## How to Teach a Pet to Ride a Ball.

Many readers have doubtless seen bears standing on a rolling ball and maintaining their balance perfectly while rolling it about the arena. I have a bear who delights to do the trick. He can scarcely wait for his time to come to perform. He was taught, as they are all taught, by juggling his pedestal while he tried to keep from being jostled off. Gradually the pedestal was substituted for a ball with many flat places on it, and this was followed by a perfect sphere. He has been performing two years now, and I have never known him to slip and fall off.—Frank Leslie's Popular Monthly.

MAGNET FOR FARMERS.

Great Display in the Division of Agriculture at Exposition.

The prominent display in the Division of Agriculture at the Pan-American Exposition will be the magnet that will attract progressive farmers. Here they can learn what their brother farmers are doing to lighten labor and improve the products of the fields. The exhibit will embrace all phases of agricultural work, showing the advantages of different processes and methods of work and the products of the garden and field in their great variety under all sorts of conditions. Under their proper classifications will be shown methods of fertilization, farm management and processes, experiments with various crops in different soils, climate, etc.; reports from different states and provinces showing the aggregate of crops and products of all kinds; exhibits of all products of the farm and garden. This will be a splendid school of instruction for the farmer.

THE WOMAN WHO FAINTED.

A Lesson on Courtesy in a Crowded London Theater.

Here is an example of the courtesy and good feeling of the twentieth century. How are we to account for it? The worst of it is that in such a case the innocent suffer for the guilty. When a woman does really faint, there will be some hesitation before she receives a seat, consolation and brandy.

In an overcrowded pit of one of the London theaters the other night a lady, who was standing, suddenly became very faint, and another lady sitting near kindly offered her her seat. Not only this, but, seeing that she did not recover quickly, she went and fetched some restoratives from the refreshment room, whereupon the lady quickly recovered and began to thoroughly enter into the spirit of the play, apparently quite oblivious of her benefactress.

As time went on the lady would object to her benefactress if she would object to her sitting down again. But the other would none of it. "Now I have a seat I mean to keep it," she replied. Whereupon her benefactress gently reminded her that she had paid for her seat and thought that she had every right to return to it. But no amount of talking would apparently move the former.

A gentleman sitting near, having watched the episode, leaned forward and said, "Do you intend to give up your seat?" "No," was the reply. Up he sprang and gently lifted her out of it. An onlooker said to a lady next to her, "I like that man." "Thank you," was the reply, "he is my husband."

There seems to be no limit to the resources used by some people to secure what they have not paid for. The lady was no more faint than any one else in the audience.—London Free Lance.

## A Test of Friendship.

A gentleman has tried the following peculiar way of probing the ties of friendship. He sent letters to twenty intimate friends asking for a loan of a pound. Thirteen of the two dozen friends did not reply at all, five declined to lend the money, two promised to send it on the next day and did not do it, one sent his "last 10 shillings," and only three sent the full sum asked for. The suppliant and all the "friends" he had written to are well off.—St. Petersburg Novoe Vremya.

## Supply Practically Inexhaustible.

"Don't you ever run out of material for plays?" asked the admiring friend. "Great Scott, no!" exclaimed the prolific writer of burlesque operas. "Look at this pile of blank paper and all these writing implements, will you?"—Exchange.

NEARLY ALL OF INDIANA'S SUCCESSFUL FARMERS

Business Men and Home Folks Read The Indianapolis Journal.

IT IS THE BEST ALWAYS

Because it is a splendid representative American morning newspaper, carefully edited, clean, bright and able, a wise counselor for old or young, patriotic and national from end to end.

Because it is accurate and fully reliable. Time spent reading the Journal is never wasted. The matter is so well arranged that you always know just where to find what you want. Then, too, you feel that you can believe every word you read in the Journal without affidavit.

Because it gives, by actual comparison, more columns of news than any other Indiana paper. It is an 8 to 12-page paper every week day; 20 to 32 on Sunday.

Because it prints the most complete and accurate Market Reports.

Full Associated Press Markets, with special wires to New York, Chicago, Buffalo and Louisville.

Highest, lowest, opening and closing bids on Stocks and Bonds.

Representatives at Union and Interstate Stockyards here at home, with special articles daily on these and other subjects.

Representative sales and Indianapolis Wagon Market.

Afternoon papers are printed too early to get full market reports. Make comparisons and see. The Journal reaches you early in the morning with fresh and reliable information with which to proceed to your day's business.

Because it prints an abstract of every Indiana Supreme and Appellate Court decision. Also all local court news and many important court decisions handed down in other States.

Because it has the best Washington correspondent in the field. He keeps you thoroughly informed on all National Affairs, and often has special signed letters.

Because it carries the full reports of the Associated Press, with cables all over the world.

Because it has a special correspondent in every Indiana town of size. All important happenings are promptly chronicled.

Because it has a special department of farm news.

Because it prints a better sporting page than any other Indiana paper.

Because it prints all the features dear to the heart of most women. It leads in foretelling changes of fashion, in society matters, costume fashions and other subjects of interest to good housekeepers.

Because it prints every class of news that any other paper circulating in Indiana prints, and much more than most of them.

Because it does not use cartoons and illustrations merely as space fillers—good and poor indiscriminately—as do many papers. Good cartoons and illustrations are used moderately.

Because it does not print vile or offensive news or advertising matter. The majority of patent medicine advertisements, with their awful illustrations, are considered objectionable, and are not admitted.

Because it is Republican and conservative, and confines its politics to its editorial columns. The news columns give the truthful, impartial facts.

Because it costs only 10 cents a week (Sunday 5 cents extra), and puts before you fresh, clean news of the city, State and country up to the hour of going to press.</

**DIED.**

MANUEL.—Mrs. Susan Manuel, wife of John J. Manuel, died at her home on South Lynn street at seven o'clock Sunday evening, age 45 years and 9 days. Saturday night she was as well as usual and attended the meeting at Armory Hall. When the meeting was over she went past Blish's mill on her way home to see her son who works there. Soon after reaching home she retired. A little boy slept with her and about 3 o'clock Sunday morning his continuous calling awakened an older brother in an adjoining room. He got up and went in to see what was the matter and found his mother unconscious. Other members of the family were aroused and a physician sent for. It was soon found that she had had a stroke of apoplexy and death was only a question of a few hours. She died at 7 o'clock Sunday evening. Mrs. Manuel was a daughter of Solomon Coffman, of Surprise. She leaves a husband and nine children. Funeral services at the residence at 7 o'clock Tuesday morning. Burial at White's Chapel, leaving here at 7 a. m.

BUCK.—John M. Buck, aged about seventy-five years, was found dead in his bed at C. P. Tovey's harness store at Ewing Saturday morning. Death was due to infirmities incident to old age.

Mr. Buck was a former resident of Columbus, and will be remembered by many residents here. He left this city about twelve years ago.

He is the character who said, sometime before Cleveland was elected, the first time, that he would cut his beard off if a democrat was elected. Before the election he turned republican and as a result continued to wear his long beard.

Saturday morning officials at Brownstown communicated with the Bartholomew Circuit Court clerk, asking whether Buck had been granted a divorce from his wife, who lives in this city. This information was wanted in order to make an official report. The clerk dug into the records back to the year of 1876 and failed to locate any proceedings of this sort.

The deceased is survived by a wife, two sons, both of whom are living here, and a daughter, Mrs. J. McD. Moorhead.—Columbus Republican.

**Night Was Her Terror.**

"I would cough nearly all night long," writes Mrs. Cas. Applegate, of Alexander, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottle free at W. F. Peters drug store.

Remember before you purchase tickets consult Southern Indiana Railway ticket agents. "No trouble to answer questions." H. H. Roseman, G. P. A.

**A WORLD WIDE VICTORY.**

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The Grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

Much sympathy is expressed here for Dave Sherrick of Noblesville, one of the leading Republican candidates for the nomination for auditor of state. His wife, who has been an invalid for a long time, has been confined to a hospital here for several months. Friday Sherrick was called here by a telegram announcing that she could not live longer than a few days, and he is now at her bedside.

The primaries for the election of Democratic precinct committeemen were held today throughout Marion county.

Joseph Reiley, the new secretary of the Democratic state committee took charge of the headquarters here today.

### Evansville Is Alarmed.

Evansville, Ind., March 10.—There is great alarm here over the high water. It is almost certain a stage of 41 feet will be reached. Farmers in the lowlands are trying to save their corn in crib. Several sawmills along Green river are submerged and the loss will be considerable. A stage of 41 feet will be the highest ever reached by the river since the great flood of 1884. The crest will not be reached here before Tuesday noon and by that time the river in some places between here and Cairo will be 10 miles wide.

### Still a Mystery.

Grand Rapids, Mich., March 10.—The mystery surrounding the sending through the mails of a poisoned headache powder to Mrs. Ada Klump of Lowell, Mich., causing her death a week ago Sunday, is seemingly no nearer a solution than on the day of the arrest of William Klump, the husband, last Thursday.

### Aroused Her Curiosity After All.

"Don't want any," said a North Broadway housekeeper from her second story window to a street vender whose wagon was standing a few steps away and who had just pulled the bell.

"Don't want any what?" gruffly asked the arab, who hadn't had even a chance to tell what his wares were.

"What have you got?" asked the housekeeper, whose curiosity was getting the better of her annoyance.

"Oh, never mind. You don't want any. Git up, Bob!"

"Now, I wonder what that exasperated man is selling, anyhow?" she exclaimed as the wagon disappeared around the corner.—Baltimore Sun.

### Human Traits in Birds.

The human traits in birds are many, as most sympathetic naturalists have testified. Mr. Burroughs has told us that there are jealousies and rivalries among the little winged folk and that the peace of families is often disturbed by outside flirts and lady killers. Quoting this statement in The Dial, another observer gives us to understand that the errant bird husband is duly punished. "I have myself," he says, "seen an English hen sparrow holding a cock by the topknot and dangle him clear off his feet, while her friends punished him with violent peckings."

### Mistletoe.

The prettiest thing about mistletoe is its milky white opalescent berries. The stems and foliage seem to betray the parasitic nature of the plant in their unwholesome shade of green, a peculiarly unwholesome shade characterizing the stems. It is an uncanny sort of plant. Most parasites are. Is there anything more positively ghostlike than the plant we know as Indian pipe (monotropa)?

### A Curious Bóat.

According to a Chinese legend, there lived in Canton 200 years before Christ an artist named Lim Kao Pong, who won an immortal reputation owing to the fact that he was able to fashion out of a bean pod a boat, complete with rudder, sails, mast and all other necessary appurtenances. Moreover, on the exterior of the boat were engraved various maxims by Confucius. For this masterpiece, it is said, the Emperor Tsi Fou paid him 1,000 taels.

### A Question of Pride.

"She thinks she is entitled to a divorce, but she won't seek it." "Religious scruples, I suppose?" "No; family pride."

"How is that?" "She's afraid it would make a genealogical tangle that would destroy the value of the family tree for future generations."—Chicago Post.

### Look For Good Points.

"If we'd spend only half as much time as the photographer does trying to see people in the best light," said the philosopher, "we'd have a much better opinion of everybody."—Indianapolis News.

The man who is too proud to ask for favors doesn't get many.—Chicago Record-Herald.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

### Gambling.

The writer once spent a Saturday afternoon in the study of a dignitary of the church while the ecclesiastic struggled in vain to frame an argument against gambling to be presented to the congregation on the morrow. He abandoned the attempt. Far be it from a literary journal to assert powers the possession of which the professionally religious are fain to disclaim, yet with submission we even venture to believe that at least one cogent and effective argument lies against all forms of gambling—one, namely, based on the truth that wealth, great or small, is a trust and therefore may not be put in risk.

The moralist may declare that the gambler gets, or at least wants to get, something for nothing. Men will laugh. They know better. The winner gave his chance to lose for his winnings. For his losses the winner got his chance to win. But ask the speculator whether he would gamble with trust funds held by him for orphans and then suggest to him the one great truth that is seizing hold of men's conscience, the most hopeful sign in these perplexed days of social unrest, that men are trustees of all that they call their own.—Current Literature.

### She Was Ahead.

Marjorie had just returned from a visit to the old homestead in Tennessee, where a colored nurse nearly 100 years old was still an inmate. It puzzled her that Chloe should be called "auntie" by her mother and the family, but at last she accepted the fact and did likewise. Her playmates, trooping in to welcome her home, began to enumerate their possessions acquired during her absence.

"I've got a black pony," crowed Charlie exultantly.

"I've got a new baby brother," cried Jessie.

"M'm! That's nothing; I've got two of 'em," retorted Fred.

Marjorie's eyes flashed. "Oh!" she cried. "I've got a heap more'n that; I've got an auntie as old as Methuselah and black as tar."—Leslie's Weekly.

### Compensation.

Mrs. Jones—How do you like your new cook, Mrs. Brown?

Mrs. Brown—Well, I'll tell you. She is a perfect failure at cooking, but then, there are always compensations. She cooks so wretchedly, in fact, that she can't eat her own cooking. It really is quite a saving, you know.—Boston Transcript.

### A Loophole Open.

"You're a fraud, sir!" cried the indignant patient. "You guaranteed your medicine to cure after everything else failed, and—"

"Well, my dear sir," replied the fake medicine man, "probably you haven't tried everything else."—Philadelphia Press.
